Wazir Lauren Watson Ali,

In my capacity as the Sultan of the Empire of Morocco, it is with great honor that I formally recognize the internal Moorish State of Allodium Moorish Praedium Ante Georgia (AMPAG). This official recognition is granted in accordance with the fundamental principles set forth in Article 98, Section (6) of the Constitution of the Empire of Morocco.

The establishment of Allodium Moorish Praedium Ante Georgia and its executive, legislative, and judicial branches of government marks a significant milestone in our shared history. Our continued collaboration will contribute to the Moroccan people's and Moorish subjects' human rights as they began to adhere to Article 15, paragraph (1) of the Madrid Convention.

Please accept my warmest congratulations on this notable achievement and my best wishes for the continued success and progress of Allodium Moorish Praedium Ante Georgia as a de jure internal Moorish State under the sovereign and independence of the Empire of Morocco.

Done on the 8th day of June 2024 by hand and seal: and fully authorized to be delivered by the powers of the Head of Government.
