Greetings,

I am requesting the assistance of the WRC and its Trusteeship System as an individual/political group seeking guidance with a common goal of State recognition within the Empire of Morocco. It is of utmost importance that we seek further instruction regarding international law as we begin the process of decolonization.

We desire to bring to fruition the Triple Principles per the Act of Algeciras of 1906: 1. Sovereignty and Independence, 2. Integrity of Domains, and 3. Economic Liberty Without Any Inequality within our territory and join forces in manifesting the United States of Morocco. Below is the required information regarding the political group mentioned.

Moving forward all 5 individuals must be present for meetings with the Trusteeship Council / Wazirs / or the Executive Director. No one should assume they are immune from participating or learning the administrative process set aside for obtaining State Recognition.

These 5 Government Offices must be filled before the WRC will accept a political group to work with the WRC:

3. Seyaraha, Speaker of the House of the Dalil Aziz
4. Consul General
5. Minister of Foreign Affairs
